The amounts due shown in the above columns embrace the interest due thereon to the debts shown at the respective heads of the columns; and the amounts herein appropriated shall not become available for paying the amounts of money shown in the first column headed amount due November 1, 1917; and the appropriation for the payment of the amount shown in the second column, which is headed amount due "11-1-18" shall not be available until November 1, 1918; the Comptroller will not issue warrants on any claim until the appropriation becomes available under the Act, and no interest will be allowed or paid on any of the column, except as the amount has already been embraced in the above items.

SEC. 2. The appropriations herein provided for are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditures shall be made, nor shall any obligations be incurred, which, added to the actual

expenditures will exceed the amounts herein appropriated for either of the said purposes, except under the provisions provided for in Article 4342, of Chapter 2, Title 65 of the Revised Civil Statutes of 1911.

SEC. 3. The fact that the regular session of the Thirty-fifth Legislature adjourned without passing the appropriation bill, and the further fact that public policy requires that proper provisions be made for the maintenance and support of the State institutions, and for the payment of all claims and items herein set forth with as little delay as possible, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

Approved June 5, 1917.

Takes effect June 5, 1917.
